Rowel Brosola, Full Stack Developer

Taguig, Philippines, (+63) 956 045 3318, rowelvbrosola@gmail.com

---

PROFILE

Dynamic **Full Stack Developer** with **8 years of experience** building high-performance, scalable web applications that elevate user experience. Specialized in **React.js**, **Next.js**, and **TypeScript**, with deep expertise in **state management**, **responsive design**, and **component-based architecture**. Proven track record of developing **reusable UI libraries**, integrating **frontend systems with RESTful APIs**, and delivering secure, maintainable code. Passionate about optimizing performance, enhancing usability, and shipping innovative digital solutions that meet business goals and delight users.

EMPLOYMENT HISTORY

Aug 2022 — Present

Full Stack Developer, LICA Ventures
Makati City

- Led the frontend development using **React.js** to create dynamic, component-based interfaces aligned with business requirements.
- Built a **responsive UI** using modern JavaScript (ES6+) and React best practices, ensuring seamless experiences across desktop and mobile devices.
- Created a **RESTful API** to support frontend features and enable integration with internal and third-party applications.
- Implemented security features and real-time order processing in a **PHP backend**, integrated cleanly with the React frontend.

Apr 2022 — Aug 2022

Frontend Engineer, Renren, Inc.
Mandaluyong City

- Built a custom **UI component library** in React to promote consistency and speed up development across teams.
- Developed reusable and optimized components with hooks and context API, reducing code redundancy and improving scalability.
- Collaborated closely with backend developers and designers to ensure seamless API integration and pixel-perfect implementation.

Jul 2021 — Apr 2022

Software Engineer, Accenture Philippines
Mandaluyong City

- Developed and maintained scalable frontend applications using **React.js**, integrating seamlessly with backend services via **REST APIs**.
- Collaborated with cross-functional teams to deliver high-quality software aligned with client expectations and timelines.
- Conducted **code reviews**, enforced **best practices**, and mentored junior developers to improve code quality and team efficiency.

Jul 2019 — Jul 2021

Web Developer, LICA Ventures
Makati City

- Developed a secure, interactive web application with a modern front-end framework and an intuitive user interface
- Integrated a payment gateway into the website, allowing for secure online payments
- Developed an API that enabled the exchange of data in their existing systems

Sep 2017 — Jul 2019

Backend Developer, Virtual Wonders Web Solutions
Alaminos

- Developed a RESTful API that allowed the app to integrate with backend services, resulting in enhanced user experience
- Used Git for version control and collaborated with other developers using pull requests
- Developed and maintained a database of client information, allowing for easy tracking of customer records and interactions

---
